

# ALLIED MEDIA CORP.

Professional Language Support Services for Production Projects.

Allied Media Corp offers multilingual production and editorial services to businesses, organizations and government agencies. We offer script translation and transcreation. We also cast your foreign language voice over talent, record, mix and edit your audio project. Allied Media provides subtitling services, multilingual titling, calligraphy effects, animated textual content and other customizable elements that you can insert into the final cuts or we can provide a whole finished product.

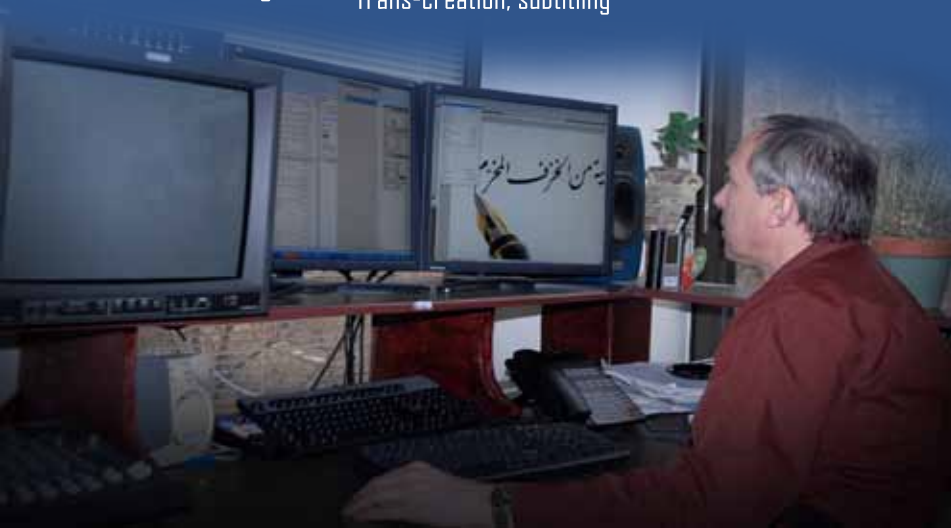

Allied Media has a multicultural creative team with abilities and skills to create demo reels, simulation projects, animations, educational audio visual material, and video product demonstrations linguistically relevant for your foreign reviewers or foreign potential clients.

## CASE STUDIES

### **Military Hardware Video Demo**

Allied Media Corp. translated a video script, edited the video, and recorded the foreign voice over in Arabic and Farsi for SAIC for military hardware and equipment demonstration video to present to potential middle Eastern clients.

### **Cyber Security & Biometrics Video Demo**

Allied Media Corp. translated, edited video, titled the video section in Middle Eastern Languages for a Client for Cyber Security and Biometrics system as a demonstration video to present to potential Eastern European clients.

### **State Department - Middle East Health Awareness Initiative**

Allied media produced an in-language video of the three day tour of Karen Hughes, Under Secretary of State for Public Diplomacy and Public Affairs. Allied Media wrote the script, recorded the voice over, subtitled the video in-language and delivered the video in different media formats for broadcast in foreign standards (to distribute to foreign participants) as well as formatting versions for the web.

Allied Media offers full indoor and outdoor production services. We have access to multilingual speaking talent, crew members, directors and technicians with high production skills and talent that will guarantee the high quality of your final product.
